SHOT CLINIC NOW OPEN SATURDAYS

Low Cost Vaccinations Available to the Public

WHO: Animal Coalition of Tampa (ACT) Spay/Neuter Clinic

WHAT: The ACT Clinic is now open Saturdays from 9:30 am to 12 pm and 1 to 3:30 pm for low cost vaccinations and microchips. Prices range from \$5 for individual services to \$69 for a full package. Advance appointments are required. Other services such as flea or heartworm preventative are available at regular low prices. Call the clinic at (813) 250-3900 to reserve an appointment, or visit www.actampa.org for additional information, including a full price list.

WHEN: Saturdays, 9:30 – 12 and 1 – 3:30

WHERE: ACT Spay Neuter Clinic

1719 West Lemon St., Tampa

813-250-3900

WHY: Shots and vaccines are an important part of keeping your dogs and cats healthy. A healthy pet will be more affectionate and live a longer life.

ABOUT ACT: ACT is a non-profit organization that operates a high volume, high quality, low cost spay/neuter clinic open to all residents of Hillsborough and surrounding counties. There are no income requirements to use the clinic's services. Its primary focus is to reduce the high number of companion animals entering local shelters, and ultimately end pet overpopulation in the community. The spay/neuter clinic opened its doors in March 2006, and to date has provided high quality, caring and affordable sterilizations, vaccinations and microchipping services to more than 11,000 animals in the Tampa Bay area. Spay/neuter costs at the ACT clinic are greatly reduced and range from \$40 to \$95.* For low income Hillsborough County residents who qualify, the cost is merely \$10, through the County's voucher program.*

*certain restrictions apply
