Please include e-mail in public comment. I am assuming that the legal representation will be a county attorney.

Message: I put a question before the BOCC regarding whether the FCGE's purchase of Cone Ranch via a non-profit was legal. My full statement is included in the Cone Ranch public statements. Susan Fernandez, the attorney, who responded to my questions, will not be present during the last Cone Ranch meeting. It is ESSENTIAL that an attorney from the county be present during the last meeting. There are MAJOR legal issues that need to be addressed.
