

SUSTAINABILITY

ENERGY | ENVIRONMENT | ECONOMICS

**What Does
Sustainability
Mean To Us?**

- Energy Reduction and Cost Savings
- Waste Reduction
- Water Reclamation/Reuse
- Carbon Reduction or Neutrality
- Third Party Certification of the Facility (i.e. LEED O&M)

How do we achieve it?

- Assemble a team.
- Create a vision.
- Go for the low hanging fruit.
- Incorporate sustainability goals into short term and long term goals.

RECENT ACCOMPLISHMENTS

Energy Reduction & Cost Savings

- Total retrofit of fluorescent T12 light bulbs w/magnetic to T8 with/electronic ballasts.
- Initiated a staff “lights off” campaign.
- Developed HVAC “unoccupied” plan.

Waste Reduction

- Initiated Office Recycling Program
- Introduced Backstage Recycling Opportunities for Artists/Crews
- Accomplished 100% container recycling at Bars
- Doubled Playbill recycle program
- Implemented Recycling at special events
- Tripled Recycle Output

Water Reclamation/Reuse

- Refitted fountains to utilize reclaimed water.

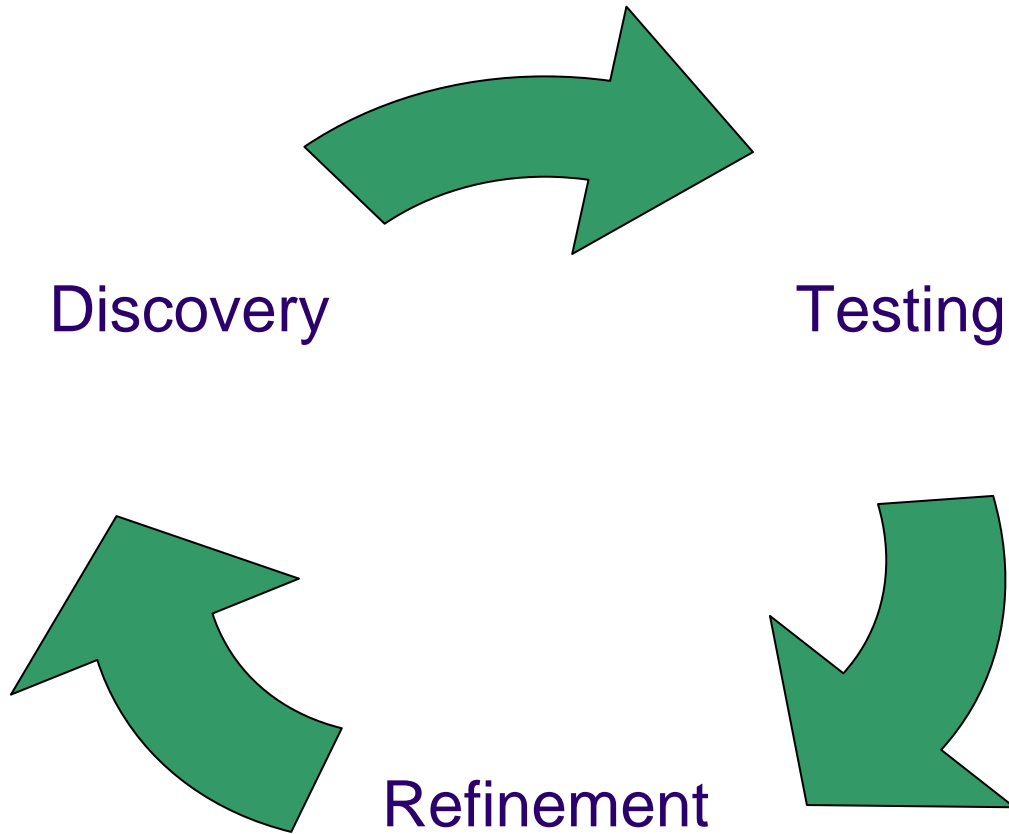

Carbon Reduction or Neutrality

- Included rooftop garden in design of new box office.
