EMERGENCY CONTACT INFORMATION DATABASE ANNOUNCED BY THE FL DEPT. OF HIGHWAY SAFETY AND MOTOR VEHICLES

The Department of Highway Safety and Motor Vehicles has implemented a new web-based application for emergency contact information.

Florida drivers and ID card holders may now go on-line to the department's website and enter the name and up to three phone numbers for two people they want to have contacted in the event of an emergency.

Information entered in to this new system will be available for law enforcement use only and can be accessed via a laptop from a patrol vehicle if it is equipped with Internet capability. Officers without laptops in their vehicles will be able to obtain the information from their dispatchers.

The Website is: www.hsmv.state.fl.us/

Please help spread the word and while being patient in trying to log on as this is sure to receive a flood of visits as the availability of this tool becomes known.
