Tips on How to Protect Portable Electronic Devices

Carry your cell phone, ipod or mp3 player, or camera in your pocket or where it is not easily seen by or in reach of others.

Be smart about when and where you use a laptop or handheld video game.

Change the color of your ear piece ,so that it does not alert people that you are using an expensive cell phone, ipod or mp3 player.

Avoid sitting near sidewalks or doors when using a laptop or video game. If you are riding on a bus, subway, or metro-train and plan to use a laptop or video game then sit away from those doors.
