High School Graduation Rates

Graduation Rate

Beginning with the 1998-99 school year, the method of calculating the graduation rate for Florida's public high schools has been revised to track individuals by student I.D. numbers, beginning with their first-time enrollment in 9th grade. The new rate calculation accounts for incoming transfer students, and outgoing transfer students are removed from the tracked population. Graduation rates have been trending upward since the late 1990s.

Dropout Rate

Beginning with the 1998-99 school year, the reported dropout rate is for all dropouts in grades 9-12. Prior years' statistics showed a rate only for dropouts 16 or over. Dropout rates trended downward.
