

HILLSBOROUGH COUNTY WELLHEAD AND RESOURCE PROTECTION PROGRAM

Northwest Hillsborough Area Public Meeting

Austin Davis Library ❖ November 12th, 2002 ❖ 6:30-8:30 PM

Name	Address	Phone Number	E-mail
Tom Rafferty	19061 Gunn Hwy.	920-2742	trafferty@verizon.net

Comment/Suggestion:

Do "NOT" reduce the size of the current Well Head Protection Area. The North West residents need the Protection to help insure the lakes, and lake levels, recharge areas, and wetlands retain a ~~some~~ ^{primary} degree of protection. As sensitive a water resource area the North West Section is, much more protection should be given.

HILLSBOROUGH COUNTY WELLHEAD AND RESOURCE PROTECTION PROGRAM

Northwest Hillsborough Area Public Meeting

Austin Davis Library ❖ November 12th, 2002 ❖ 6:30-8:30 PM

Name	Address	Phone Number	E-mail
April Manning	18109 Crawley Rd. Odessa, FL 33554	(813) 926-2354	amtm2@aol.com

Comment/Suggestion:

I would like to see the current groundwater protection area in Northwest Hillsborough maintained. Our private wells deserve as much protection as public wells. Why is my drinking water any less important than the water that goes to St. Pete.?

HILLSBOROUGH COUNTY WELLHEAD AND RESOURCE PROTECTION PROGRAM

Northwest Hillsborough Area Public Meeting

Austin Davis Library ❖ November 12th, 2002 ❖ 6:30-8:30 PM

Name	Address	Phone Number	E-mail
Pat Nelms	16209 McHenry Rd Odessa	813-9804025	wnelms@tampabay.fl.com
<p>Comment/Suggestion:</p> <p>The quantity and quality of the water supply for the local citizens in northwest Hillsborough should be part of the focus. Local wells need to be protected also.</p> <p>(Would have preferred explanation first and then follow with poster sessions.)</p> <p style="text-align: right;"><small>Please continue on back →</small></p>			

HILLSBOROUGH COUNTY WELLHEAD AND RESOURCE PROTECTION PROGRAM

Northwest Hillsborough Area Public Meeting

Austin Davis Library ❖ November 12th, 2002 ❖ 6:30-8:30 PM

Name	Address	Phone Number	E-mail
Warren Nelms	16209 McGlamery Rd Odessa 33556	920 4025	wnelms@ tampabay.rr.com

Comment/Suggestion:

This is not a draft - it is draft! The "R" has been eliminated - the RIGHTS OF THE PRIVATE CITIZEN. Our individual wells were (somewhat) protected, now it looks like you are going to protect only the public supply. Please - go back to what you had. So you know more - yes, the pollutants will go just as fast and far to my well as to your public wells. All of this area - all of the county needs protection, not just the areas shown on your maps.

HILLSBOROUGH COUNTY WELLHEAD AND RESOURCE PROTECTION PROGRAM

Northwest Hillsborough Area Public Meeting

Austin Davis Library ❖ November 12th, 2002 ❖ 6:30-8:30 PM

Name	Address	Phone Number	E-mail
LAUREA WENTZ	18065 WAYNE Rd	787-7370	

Comment/Suggestion:

This Ordinance change does not benefit Hillsborough County - only Pinellas. It simply makes it easier to further erode the water problems & pollute them in the process. There is no advantage except to Pinellas & Commercial Developers.

I do not support any ordinance change & will actively work to oppose it.

HILLSBOROUGH COUNTY WELLHEAD AND RESOURCE PROTECTION PROGRAM

Northwest Hillsborough Area Public Meeting

Austin Davis Library ❖ November 12th, 2002 ❖ 6:30-8:30 PM

Name	Address	Phone Number	E-mail
Steve Gathman	18926 Crescent Rd. Odessa, FL 33556	920-6190	

Comment/Suggestion:

This proposed ordinance is very one-dimensional, only protected public water supplies, primarily for Pinellas County. It is totally disregarding and removing the protections of the private wells in N. W. Hillsborough county, which proliferate and will remain private wells. Why remove the existing well protections for the majority of N. W. Hillsborough.

I believe that a huge hidden agenda is to remove another barrier to residential development in NW Hillsborough county. The new, stricter water regulations should apply to the entire area outlined by the 1992 created area.

Please continue on back →

This is not in the best interest of the citizens of NW Hillsborough.
