

RESOLUTION # 99-149
A RESOLUTION OF THE BOARD OF COUNTY
COMMISSIONERS OF HILLSBOROUGH COUNTY, FLORIDA
RESTRICTING TRUCKS ON CERTAIN COUNTY ROADS
IN HILLSBOROUGH COUNTY

Upon Motion by Commissioner Frank, Seconded by Commissioner Wacksman, the following Resolution was adopted by a 5 to 2 vote.

WHEREAS, the Board of County Commissioners is invested with the general superintendence and control of county roads in Hillsborough County, and is empowered by Chapter 316, Florida Statutes (1997), to prohibit or regulate the use of highways under its jurisdiction wherever such regulation or prohibition is necessary to provide for the public safety, and convenience by reason of traffic density, intensive use thereof by the traveling public, or other reasons of public safety and convenience; and

WHEREAS, Hillsborough County Ordinance 85-1 directs that the Board of County Commissioners shall designate roads where trucks are restricted by resolution; and

WHEREAS, the Board of County Commissioners directed County staff to conduct a study to determine whether certain roads under the County's jurisdiction should be free from truck traffic; and

WHEREAS, the staff has conducted such a study, and has sought input from those in the trucking industry as well as citizens affected by truck traffic; and

WHEREAS, the staff considered the following factors in determining which roads should be free from truck traffic: curve severity, outside lane width, bridge sufficiency rating, railroad crossing safety index, pavement condition, functional classification, truck accident data, residential character, proximity of schools, proximity of parks and alternate route availability and overall system connectivity; and

WHEREAS, the study has shown that certain County roads should not carry truck traffic; and

WHEREAS, at public meetings on June 22, 1999 and August 10, 1999, the Board of County Commissioners received testimony and other evidence that certain County roads should not carry regulated truck traffic because of the above listed factors and other County roads should carry regulated truck traffic.
