

Where We've Been Spraying

So far this year the Mosquito One helicopter has treated a total of 1,850 acres of mosquito larva, eliminating them before they could hatch into flying, biting mosquitoes.

The following areas have been treated for adulticiding by an aerial application (helicopter):

June 17, 2011:

- Between Interbay Blvd and Tampa Bay (Water), West of Old Tampa Bay (Water and East of Hillsborough Bay (Water).

The Aquatic Weed Control Crew has been busy spraying Water Hyacinth and Water Lettuce on the Hillsborough River, in addition to conducting final treatments on smaller ponds which have been determined to be the responsibility of surrounding homeowners.

Spray Trucks have been operating in the following areas (geographical location denotes furthestmost boundary):
