

# Bucket Brigade

**Equipment:** Jet-Vac Truck.

**Object:** Utilizing only the remote vacuum control feature, secure and position buckets atop the standing poles of varying heights.

**Scoring:** The competitor who completes the task of depositing a minimum of two buckets atop two different poles with the fewest faults shall prevail. Best time becomes the discriminator only if two or more ranking competitors complete the task with the same number of faults.

**Faults:**  
A dropped bucket shall result in a fault.

A fault shall be assigned if a bucket drops from the pole after being positioned by the competitor during the event.

**Notes:**  
Any action deemed by the judge to be inappropriate or an attempt to circumvent the rules or the spirit of the competition may result in additional faults added to the score or disqualification.

**Note: The information contained herein is intended to provide prospective competitors with an introductory overview of the planned event so all can prepare for the competition. However, the event itself, the rules, assignment of faults, the overarching time limit and equipment style is subject to change without further notice.**

**Final event information will be posted on the Grounds on the day of the event.**
