

## Krazy Kroquet

**Equipment:** AEBI Tractor.

**Object:** Navigate an obstacle course while pushing a playground-style ball through a series of wickets found along the course. (The tractor will also travel through these large wickets.)

**Scoring:** The competitor who pushes the ball through each wicket on the course in the proper manner with the fewest faults shall prevail. Best time becomes the discriminator only if two or more ranking competitors complete the task with the same number of faults.

**Faults:**

Touching a wicket with the ball or tractor shall constitute a fault.

A fault shall be assigned each time a ball enters through a wicket from the incorrect direction. In addition: the competitor must reattempt the same wicket until the ball enters through the wicket from the proper direction.

Disqualification shall result should the ball and/or tractor leave the charted course.

**Notes:**

Any action deemed by the judge to be inappropriate or an attempt to circumvent the rules or the spirit of the competition may result in additional faults added to the score or disqualification.

**Note: The information contained herein is intended to provide prospective competitors with an introductory overview of the planned event so all can prepare for the competition. However, the event itself, the rules, assignment of faults, the overarching time limit and equipment style is subject to change without further notice.**

**Final event information will be posted on the Grounds on the day of the event.**
