

## OVER HILL, OVER DALE

**Equipment:** One distance measuring wheel and Asset Location Recording Card.

**Object:** Collect accurate measurements of the assets located in the obstacle course and record this information on a response card.

**Scoring:** The competitor who returns the most accurate information shall prevail. Best time becomes the discriminator only if two or more competitors complete the task with the same number of correct responses.

**Faults:**

- An incorrect distance measurement shall result in a fault.
- An incorrect total distance measurement shall result in a fault.
- Illegible entries on the report card shall be assigned a fault. Two or more illegible entries shall result in disqualification.

**Notes:**

- Estimation of certain distances may require estimation of distance.
- Any action deemed by the judge to be inappropriate or an attempt to circumvent the rules or the spirit of the competition may result in additional faults added to the score or disqualification.
- Failure to collect a measurement or reading at all points shall result in a non-qualifying score.
- The Judge's interpretation, evaluation and subsequent rulings pertaining to competitor's responses shall be final.

**Note: The information contained herein is intended to provide prospective competitors with an introductory overview of the planned event so all can prepare for the competition. However, the event itself, the rules, assignment of faults, the overarching time limit and equipment style is subject to change without further notice.**

**Final event information will be posted on the Grounds on the day of the event.**
