

## Hillsborough County Transportation Revenues

## Recognizing the Dual Role of Hillsborough County

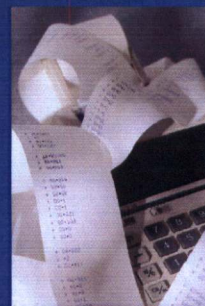

The Board of County Commissioners has a role in transportation both as the County government and, in the unincorporated area, as the municipal government. Revenues may carry similar restrictions.

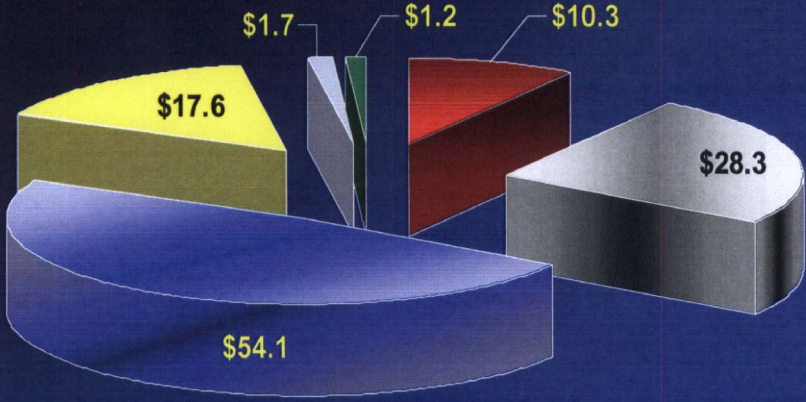

## Funding of Hillsborough County's Transportation Capital Projects

The County funds transportation with several sources:

- Community Investment Tax – the County's share
- Unincorporated property taxes
- Countywide property taxes
- Transportation grants
- Gasoline taxes – the County's share
- Transportation impact fees collected in the unincorporated area

### CIT Distribution: FY 07

- Stadium
- School Board
- County
- Tampa
- Plant City
- Temple Terrace

### CIT Distribution: FY 07

The County's share of the Community Investment Tax is largely based on the unincorporated area population. That accounts for about three quarters of the revenue.

## Sources of County Transportation Project Funding: FY 07 through FY 11
