Zoning Violations

Are you in zoning violation? Yes No

Have you been issued a citation? Yes No

If so, when were you cited? _____

Are you scheduled for the Code Enforcement Board? Yes No

If a DRI, is the Project in noncompliance with the terms of the Development Order? Yes No

Zoning History

Has the property received an approval as a Non-Conforming Lot (NCL) or a Non-Conforming Use (NCU)? Yes No

If yes, please list the petition number: _____

If a Zoning or Special Use petition has been heard on the property in the past year, please provide the petition number:

Easement Access Review

There are three situations requiring an easement access review:

1. Any lot within the unincorporated areas of Hillsborough County that does not front on a publicly owned and maintained road right-of-way is required to show proof of an “Easement Access Agreement” prior to the issuance of any permits by the Hillsborough County Building Department.
2. If the lot or parcel in question fronts on a County owned but not maintained road right-of-way, the Easement Access Review is still necessary to ensure there is sufficient ingress and egress for the fire trucks, ambulances, police cars and other emergency vehicles.
3. If the lot or parcel in question has a recorded easement of fifteen (15) feet recorded prior to July 11, 1986, then the fifteen (15) feet will be allowed for an easement. The easement shall still be required to undergo the easement access review, however, to ensure that the easement legally connects the lot or parcel in question to a County owned and maintained road right-of-way.

*The proposed easement shall first be reviewed to ensure that it meets the requirements established by the Board of County Commissioners in Resolution Number R86-0156. Approval shall be granted upon finding the easement to have: sufficient egress and ingress for vehicles of any branch of the Emergency services of Hillsborough County in the event of an emergency; and the legal sufficiency of access to prevent the lot or parcel from being landlocked. The easement shall also be clear of trees, water, environmentally sensitive lands and existing structures.

Width requirements for easement are determined as follows:

1. If the easement is to be used for access by one (1) residential lot or parcel only, a minimum easement width of twenty (20) feet is required for a single family residence (either a fixed dwelling or a mobile home).
2. If the easement is to serve two (2) or three (3) dwelling units, a minimum easement width of thirty (30) feet, is required.

If there are no problems with your application or easement, the reviewer will render a decision regarding your application for an easement access review within twenty (20) working days after the date of filing the completed application. Appeals of this decision may be made to the Board of County Commissioners, and must be filed with the Development Services Department within thirty (30) days of the date of the reviewer’s decision. Further information on the easement access procedure may be obtained from the Development Services Department.

All easements must be recorded in the Clerk’s Office prior to the issuance of any permits. A copy of the easement access agreement (approval Letter) must be submitted to the Hillsborough County Building Department prior to the issuance of any permits.

Easement Access Instruction Sheet

If your property does not front on a County owned and maintained right-of-way, you are required to provide, or obtain, an easement from a County owned and maintained right-of-way to your lot or tract of land.

The following documents shall be submitted with the application for easement access.

1. A Current Deed for the lot or tract of land requiring an easement to a County owned and maintained road.
2. Affidavit Acknowledging Easement Restrictions (The legal description for the lot and the legal description for the easement must be typed, or printed in black ink only on the affidavit in the space provided and continued on the reverse side.)
3. Affidavit Acknowledging an Agreement for Ingress and Egress of an Easement (not required if on County owned but not maintained right-of-way, or if the easement is listed on the applicant's deed.
4. Complete Application. All information must be typed or printed in black ink only.
5. Check for Filing Fee. The fee is \$100. Make check or money order payable to the Board of County Commissioners (BOCC).
6. Survey showing number of lots.

Approval of this request does not exempt the applicant from complying with all other County and State laws, regulations, or ordinances, as may be required. The attached pages contain the application for Easement Access Review. Any questions regarding this information should be directed to the Hillsborough County Development Services Department at (813) 272.5920.

Required Easement Widths

(For All Easements Being Recorded After July 11, 1986)

<u>USE</u>	<u>SIZE</u>
Access by one (1) lot for single family residence (fixed dwelling or mobile home)	20 feet
Access by two (2) or three (3) dwelling units	30 feet

Affidavit Acknowledging Easement Restriction

Before me, the Undersigned Authority in and for Hillsborough County and the State of Florida, personally appeared _____, who being by me first duly sworn, deposes and says:

That I do swear on the _____ day of _____, 20____, that as the owner of the property described in the affidavit, I hereby acknowledge that access to the property provided by the described easement does not conform to the Hillsborough County engineering standards.

I do further acknowledge that Hillsborough County does not have any obligation of responsibility to improve, maintain or otherwise alter the described access easement.

I do further acknowledge that the access easement shall be maintained so as to allow the passage of any and all vehicles of the Emergency Services of the Hillsborough County Government.
