Approval for licensing is granted by the appropriate Hillsborough County Board of Adjustment, Appeals, and Examiners. The Boards are Building, Electrical, Mechanical, and Plumbing/Gas. Hereafter referred to as the Board.

More licensing information is available in the [Contractor Licensing](#) section on the County website.

2. APPLICATION SUBMITTAL AND FEES:

Application status updates will be provided via email.

Total application fee is **\$280**. A **non-refundable fee of \$50** is required to initiate the application process and **\$230** is due upon application acceptance.

3. IMPORTANT GUIDELINES FOR APPLICATION SUBMITTAL AND YOUR PROTECTION:

For your protection – do not submit any documents with protected personal information. This includes, but is not limited to, information such as social security numbers, driver's license numbers, bank or credit card account numbers, or any other information which could potentially compromise your identity or credit. Redact or "mark out" any such information prior to sending any documents.

4. CREDIT REPORT AND CRIMINAL BACKGROUND CHECK:

Staff will obtain your credit report & criminal background check. Staff will contact you by phone to obtain needed information for report purposes only. Your information is not recorded or retained after the reports are ordered. If there are items of concern on your report, you will be provided with a copy.

5. BOARD HEARING:

The Board reviews applications for approval. Hearing attendance is not mandatory but is highly recommended to answer any questions the Board may have. You will be notified by email regarding hearing date, time, and location. Contact Contractor Licensing directly for a schedule of Board hearing dates and deadlines to submit application.

6. EXAMINATION:

Upon Board approval, your contact information will be provided to the testing agency you selected during application submittal. The agency will contact you directly. All exam scheduling, payments, locations, and instructions will be handled by the testing agency. They will also provide a list of reference materials for the exams.

There are 2 (two) exams required of each license and the **minimum score required is 75%**. One exam is on the fundamentals of the trade; the second exam is on basic Florida business law. Exams are open book. Verify with the testing agency their policy regarding all rules and procedure.

Application Instructions for Local Specialty and State Registered (Certificate of Competency)

7. RECIPROCITY APPLICANTS:

Reciprocity refers to exam scores only. Hillsborough County reciprocates only with jurisdictions which reciprocate in turn. If you did not score a minimum of **75%** on either part of the exam, the Board will require you to re-test. For additional items required specific to reciprocity, see the [Checklist for Application Submittal page](#) of this application packet. After Board approval, Contractor Licensing will email you instruction to complete license registration.

8. LICENSE REGISTRATION AND FEES:

After passing your exams, please email licensing@HCFLGov.net for instruction to complete license registration. Insurance and bond information will be required for upload during this process. Forms and information are provided in this packet.

The license registration fee will also be due. The fee is \$140 for a 2-year cycle. The cycle begins on August 31st of odd years. If your registration falls in between cycles, this fee may vary slightly.

9. STATE REGISTRATION:

Some trades will require registration with the State of Florida before the license can be activated in Hillsborough County. See the [Trades Which Require a License page](#) of this application packet. It is the applicant's responsibility to contact the [Department of Business & Professional Regulation \(DBPR\)](#) to register their license. State registration information can be found on the DBPR web site www.myfloridalicense.com. You are required to continue renewing **both** the Hillsborough County registration and State of Florida registration (inquire with the DBPR regarding their renewal process).

A state registered license is valid only in the issuing jurisdiction and you will have to apply for reciprocity in other jurisdictions. All licenses listed as requiring state registration are offered as CERTIFIED directly through the DBPR. It is suggested to research if the CERTIFIED license may be a better option for you because the CERTIFIED license valid statewide.

10. LICENSE RENEWALS:

Notifications will be sent to your email address on file prior to the license expiration date. If a license is not renewed for a period of 5 years or more, the license becomes invalid and you must apply as a new applicant, including retesting.

11. APPROVED APPLICATION REQUIREMENT:

If a license is not activated within 12 months of Board approval, the approval becomes void, and you must begin the licensing process as new applicant.

12. DENIED APPLICATIONS:

Applications which are denied by the Board cannot re-apply less than 6 months from date of Board denial. Re-submittals will require payment of the full application fee. A new background check and credit report will be made a part of the re-submittal package. Denied applications are kept for a period of 12 months from date of the original Board Hearing.

Suggested Guidelines for Credit Report and Experience Details

The following information can significantly aid in Board determination of your eligibility to obtain a Contractor's License/Certificate of Competency. In order to submit an application that best represents you as an individual, please review the below carefully.

CREDIT AND CRIMINAL BACKGROUND CHECK:

Members of the Board are required to ascertain whether an applicant for a Contractor's License/Certificate of Competency demonstrates current good credit. Therefore, it is incumbent upon an applicant to review his or her credit report prior to appearing before the Board and be prepared to explain any discrepancies existing at that time. If there are significant issues with your credit report or if you believe there are errors, it is in your best interest to supply additional information to the Board from other sources showing evidence of good credit, such as the establishment of a recent line of credit with a business partner/suppliers, or updated accounts reflecting their current payment status. These items should be officially issued by companies on letterhead or company statements and have account numbers (where applicable).

Copies of evidence or official relevant information regarding flagged items shall be provided to the building department no later than ten (10) days prior to the hearing. Bringing documents to the hearing is not recommended as the Board collectively spends hours of their own time reviewing applications and cannot give an accurate and thorough review of additional data during the hearing. The Board reserves the right to not admit the materials if brought to the hearing.

For any flagged items on your background check, please provide written explanation and any official court documents that may be relevant to the charges.

VERIFICATION OF CONSTRUCTION EXPERIENCE:

Members of the Board are required to ascertain whether applicants demonstrate the appropriate amount of hands-on experience to qualify for the Certificate of Competency (Contractor's License) in the trade in which you are applying. Your experience can only be verified by a contractor of the same trade or a trade that includes the scope of work for which you are applying.

Please provide explicit information and/or explanations to make it easier for the Board to evaluate your past work. You may do this on your Work History form. Also, have the Contractor on your Verification of Experience form include such details. Describe the type of hands-on work performed. Describe the kind of buildings, structures, or projects worked upon. Give any details that might aid in evaluating your experience. Attach additional page(s) as necessary.

If you are from a State that does not license contractors or trade specialties, the Board will most likely require a verification from a registered architect or professional engineer that can attest to your past work experience. Verification from a family member is not acceptable. Furthermore, the person verifying your work experience must have his/her signature notarized in accordance with applicable laws. Please verify these requirements.
