Hillsborough County Fire Rescue Fire Alarm Application

Specialized fire protection systems (e.g. aerosol system, clean agent, CO²)

Date: _____

Project No.: _____

Project Address: _____

Job Value: _____

1. Plans submitted for fire alarm systems which will exceed \$5,000 in total cost, must be signed, sealed and dated by a professional engineer pursuant to Chapter 553, Florida Statutes.
2. Be very specific when indicating the location of every device in the fire alarm system. Please include a system device count. Submittals shall clearly indicate, to scale, locations of all new or altered devices and connection point(s) to existing system. All components shall be compatible to existing system.
3. For each building, state the **OCCUPANCY CLASSIFICATION** which corresponds to the appropriate Chapter of the Florida Fire Prevention Code, 5th Edition. Also indicate the **SUB-CLASS**, if any.
4. A note shall be provided on the plans stating that the installation of wiring, raceways, and devices will be in accordance with all applicable codes and NFPA codes and Florida Administrative Code 69A-48, Rules and Regulations of the State Fire Marshal's Office, Florida Statute 633.
5. One hundred percent (100%) of fire alarm system components must be completely tested, tagged, and certified prior to requesting a final on-site inspection and acceptance by the Fire Marshal's Office. A satisfactory functional test shall be witnessed by a Fire Inspector.
6. Two (2) complete sets of documents must be submitted for review. One set will be returned, bearing the approval stamp along with a letter and comments (if any), which shall remain on the work site at all times.
