

VOLUNTARY BUSINESS RECYCLING REPORTING AND RECYCLING RECOGNITION PROGRAM

The Florida Department of Environmental Protection (FDEP) encourages private businesses, other than certified recovered materials dealers, to annually report to the County the amount of the materials they recycle including:

- Paper
- Metals
- Glass
- Plastics
- Textiles
- Rubber materials
- Wood
- Tires
- Construction and Demolition Debris
- Mulch

Businesses can use the FDEP's designated reporting format located at:

<https://my.re-trac.com/floridadep>

State Recognition of Recyclers

The Recycling Recognition Program was developed to encourage private businesses, institutions, and schools to increase their recycling efforts in order to help reach Florida's recycling goal of 75% by 2020. Businesses and institutions interested in being recognized for their recycling efforts can visit the following website for more information:
